Storm - lyrics

Verse 1

You say hello I say goodbye,
You walk left so I walk right,
You say hello I say goodbye,
You're standing at my door and you lose me in your eyes.
I feel the earth beneath my feet begin to crumble,
Your perfect smile makes my world come crashing down,
It kills me to see you frown,

Chorus

Verse 2

The feeling of going under,
The feeling of no escape,
I need to climb this wall but it won't break,
Let me out, let me through.
I can't get to you..

Chorus

Bridge

I gave you my number you keep calling lately,
The sound of your voice got me going crazy,
This storm is brewing in my heart,
So give me a chance to let go and press start,
I gave you my number you keep calling lately,
The sound of your voice got me going crazy,
This storm is brewing in my heart,
So give me a chance to let and press start.

Chorus

Final Chorus

I feel a storm running over me (Storm),
The deep blue waters of every sea (The waters),
I feel the wind blowing in my face,
And then it stops without a trace,
I feel a storm running over me,
The deep blue water of every sea.

Chorus

I feel a storm running over me,
The deep blue waters of every sea,
I feel the wind blowing in my face,
And then it stops without a trace,
I feel a storm running over me,
The deep blue water of every sea.
